Database Tables

List all database tables here, with a listing for each database management system (MySQL, PostgreSQL, Oracle, etc).
MySQL
tiki_forums
tiki_forums_queue
tiki_forums_reported
tiki_forum_attachments
tiki_forum_reads

PHP Modules

List all the php modules that have to do with the feature.

Templates

List all the templates that are used for this feature.

Known Bugs

Create a tracker search that filters on "feature" and then create a link here. This should create an up to the minute list of bugs. Here's an example for "Forums"
View Forum Bugs Here

Permissions

Put a list of relevant permission settings here

Development Roadmap

Any planned changes to API, tables, or other key developer info about the feature can be left here.

External Links

Any external link that you think might be relevant to the feature goes here.
